

Dear Parents,

Each child in Years 7-9 will be using Edrolo, which is a compulsory subscription based digital platform for their mathematics and science subjects, in place of a textbook to support their studies in 2024. Payments must be made directly to Edrolo.

This resource has been comprehensively assessed and chosen by your child's teachers and the school as a core teaching and learning resource.

The following information outlines the key benefits of this resource for your child as they approach their final years at school, and how to pay for their online and/or hardcopy access via the Edrolo Payment Portal. Payment must be made by 2 February 2024.

- Extra support with homework! There are loads of videos which are accessible 24/7 to help your child understand what they need to know for a KATs.
- Data that is accessible by the teacher to help them better understand the next steps in your child's learning.

What does Edrolo cost?

Years 7-9 – Mathematics and Science - \$60 per student (incl GST)

How do I pay via the Edrolo Payment Portal for my child's access?

Payment must be made for Edrolo via the online Edrolo Payment Portal. As your child will be using Edrolo as a key resource in the subscribed subjects, please ensure payment is made as early as possible to ensure minimal disruption to their all-important studies. Payments can be made online through your child's Edrolo account from **8 November 2023** onwards so that the platform is available to the students during "Step up".

If payment has not been received by or prior to 2 February 2024, your child will be blocked from accessing all of their Edrolo courses until the balance has been paid in full (no later than March 4, 2024). **Please ensure payment is made by this date, as your child will have homework and classwork to complete on Edrolo throughout the year.** As soon as account payment has been made, access to all courses will be restored.
