## POLICY

### 1. School profile

Established in 1981, Gisborne Secondary College provides a safe and stimulating learning environment for over 1200 students in the Macedon Ranges. We have an established reputation as an outstanding college in the quality of our wellbeing programs and the range of subjects and pathways available for our students. The strength of our current enrolments means that our learning programs will continue to expand over the next five years.

Year 7 and 8, our students work in purpose-built Learning centres with a core curriculum that includes English, mathematics, languages, humanities, and visual arts. Our Learning Centres provide exemplary transition support, and students working in the learning centres have the opportunity to develop

strong and enduring relationships with their teachers and with each other. Our parents speak at length about how connected their children feel in these learning centres, and how effective the family-college communication is.

Our Year 9 curriculum is unique in offering the 'RAID Program' (an acronym for our values of Respect, Achievement, Innovation and Diversity) which engages students one day per fortnight in a range of positive, diverse, and stimulating activities aimed at their specific social and cognitive developmental level.

As students' progress into Years 10, 11 and 12, our College offers a comprehensive range of learning experiences to meet individual needs and pathways. There are over 50 different VCE and VCE-VM courses on offer as well as VET programs. Many of our Year 10 students select VCE or Vocational Education Training (VET) subjects to begin their qualifications journey.
